

# COSC251 – Lab 6

## A Meta-Lab?

Purpose: To put your skills to use by creating this document in L<sup>A</sup>T<sub>E</sub>X.

Task: Use what you’ve just learned to create a document that looks exactly like this one. Well, it doesn’t have to look *exactly* like this one, but do your best. Some things you should **definitely** include:

1. This list.
2. The Purpose, Task, and Deliverable descriptions, including the emphasized and bolded terms.
3. Something written in **typewriter**.
6. Yes, this should be numbered out of order.
4. You should include a picture in the document. Include it as a figure with a caption. See Figure 1. Acceptable pictures include:
  - Kittens
  - Dinosaurs
  - Actor Sorrell Booke, well known for his character, “Boss Hogg,” from the hit show Dukes of Hazard.
5. By order of François d’Mârsiëlle, all L<sup>A</sup>T<sub>E</sub>X documents must contain at least one citation. [1]

Deliverable: Three files: your .tex file, your .bib file, and the final .pdf you create.

## References

- [1] Anonymous. *Encyclopedia of Convenient but Untrue Statements*. Hogwarts, England, 20XX.

Figure 1: Fluent in five languages, including Japanese, Sorrell Booke obtained degrees from Columbia and Yale Universities, and later served as a counterintelligence agent in the Korean War.
