

Computer Science 480 Homework Portfolio
Due December 16, 2008 at 9AM

Purpose

The Homework Portfolio will allow you to show me that you understand how the topics covered in this class interrelate. You will also show how your understanding of the topics has grown through the semester.

Contents

The homework questions assigned over the course of the semester should be compiled with an explanation of what topics from the course are relevant to that homework assignment. If you did not receive full credit for the homework questions, you should correct the assignment and turn in the corrected assignment as well.

Rubric
